

CALL FOR POLICE IN PITTSBURGH

About 1,000 Emergency Officers Wanted to Maintain Order

WHILE STREET CAR CO. OPERATES CARS

More Than a Score of Persons Injured in Monday's Rioting

Pittsburgh, Pa., Aug. 26.—A call for 1,000 emergency policemen to aid the local police force in handling the trolley situation here was issued today by Mayor E. V. Babcock. This action followed a conference last night between city officials who sought to prevent a recurrence of rioting yesterday when the receivers of the Pittsburgh Street Railway company attempted to break the strike of 3,000 trolley men.

More than a score of persons were more or less seriously injured yesterday in riots, when an attempt was made to run the cars through the downtown districts of the city and 12 were killed. Seven of those injured were struck by stray bullets when a truck crowded with men dashed through the streets firing as they went.

WHAT GOOD IS WEALTH

if you are in poor health, if almost everything that you eat distresses you, frequent headaches, pains in the stomach, bad taste in the mouth, dark rings under the eyes, etc.? The fact is, life is not worth living if you are a chronic sufferer from indigestion and biliousness.

When the stomach is out of order, the liver not working properly, your heart is obliged to do so much extra work, that it causes palpitation, faintness, and if not checked becomes dangerous.

To feel fresh and fit for your daily duties, you must keep your stomach well, your liver active, and the bowels regular; by taking SEVEN BARKS, as a digestive tonic, and stomach remedy, it has no equal, and 50 years of continuous sale proves its wonderful merit.

Get at the root of your indigestion and constipation trouble by driving all poisons out of your system for good. No matter how chronic your case is, you can get quick relief by taking nature's remedy, SEVEN BARKS; one bottle costing 50c will prove its value. After you have proven its wonderful efficiency, you will never be without it. Ask your druggist for it.—Adv.

PACIFIC COAST STRIKE HAS BEEN EXTENDED

Railroad Transportation as Far South as Fresno and as Far East as Yuma, Arizona, Is Suspended.

Los Angeles, Cal., Aug. 26.—Rail transportation throughout southern California as far as Fresno on the north and as far east as Yuma, Arizona, was paralyzed today. A strike which began Thursday night, when switchmen and brakemen quit their posts in sympathy with a strike of trainmen of the Pacific Electric company, operating an interurban system, and which rapidly extended to include other trainmen, yardmen and shompen, spread last night northward to Bakersfield, California, and eastward to Yuma.

At the former place 100 switchmen of the Southern Pacific and Atchison, Topeka & Santa Fe walked out, tying up train service both to the north and south. At Yuma, 20 Southern Pacific switchmen quit, and trainmen refused to take out two trains for the East, which had been made up by officials.

Switchmen and trainmen who met here last night took no official action, it was said, on orders from Warren S. Stone, international grand master of the Brotherhood of Locomotive Engineers, and W. G. Lee of the railway trainmen, to "perform their usual duties and carry out their contracts."

Mrs. Jones led the qualifiers yesterday with a score of 89, a mark that has been equaled by women only once on these links. In the qualifying round Miss Haddfield turned in a card of 103.

Constipation Results When Hot Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a

combination of simple laxative herbs with pepsin which trains the stomach-muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 490 Washington St., Monticello, Ill.

Washington, D. C., Aug. 25.—Cancer, probably the most dreaded of all the general diseases, is increasing in the United States and throughout the world, in spite of the fact that it is curable if treated early, says a statement issued by the public health service. It gives figures recently compiled by the census bureau, showing that in 1917 there were 61,452 deaths from cancer in the United States. The recorded cancer death rate shows about 2½ per cent more cases every year.
